Landmark Number: **65**

Historic Name: **Charles Corcoran House**

Address: **831 Buena Vista Street**

Designated: **April 1, 1986**

Description:

The Charles B. Corcoran Houses embody the distinctive characteristics of a type and period of construction. The original house, built in the California Bungalow style in 1910, is a single story house with low pitched roofs, a porch with overhanging gables supported by elephantine columns, a cast concrete block foundation, and wood siding. This bungalow also includes a large Palladian bay window. The 1930 house is a much finer example of its style. Built in the Mediterranean, or Spanish Colonial Revival style, the architecture includes a red tile roof with low pitch, stucco walls, arched doorways throughout, wrought iron balconies and railings, and exposed rafters and beams.
